

Maxus Asset Management

Quality Policy Statement

► Maxus Asset Management aims to provide customer service at the best prices, meet clients expectations, and maintain fair return rate. This policy is appropriate to our purpose, context, and strategic direction in electronics, supporting risk-based thinking.

we commit to:

- Continual improvement of our Quality Management System (QMS) and performance.
- Satisfy applicable customer, statutory, and regulatory requirements.
- Enhance customer satisfaction.
- Framework for setting and reviewing quality objectives.

To achieve this, we provide consistent services meeting our standardized processes and quality standards. Services are periodically assessed to ensure standards and expectations are met.

Every employee is an equal stake holder in our success. We gather to share information for continual improvement of processes and activities.

This policy is communicated to all employee and interested parties, available publicly, and reviewed.
